MESSAGE

“Stay focused, go after your dreams and keep moving towards your goals.”

Dr. G.S. Pattnaik
(Managing Director)

Managing Director's Message

The Chief architect of the Xavier's Group (3rd Millenium Group), Dr. G.S. Pattnaik holds the office as the Managing Director. Being an acclaimed educationist of national repute, a caring benefactor, and an able captain, he has been most successfully steering the Xavierian ship and exploring all possibilities to spread education countrywide. Education to him, is not confined to text books to make the students simply a crammer but it possesses a wider scope to bring out one's inner talents to good exposure and develop the skill and courage to stand up for one self against all future eventualities. Due to his able guidance, the arena of education has witnessed the advent of renaissance and Xavier's Schools have aptly become the schools with difference.

Dr. PC Mohanty
(Director)

Director's Message

“Education is not only a tool for the development of individuals, communities and nations. It is the foundation for our future. It is empowerment to make choices and it emboldens the youth to chase their dreams.”

The mission of St. Xavier's High School is to empower children by discovering leadership in each of them and make them productive and committed citizens, who could bring humanitarian changes in the world. Our teaching fraternity nurtures these qualities quite zealously as the Gospel truth.

We, educators being facilitators have always encouraged every child to develop in their special field of interest. We have realised the fact that every student does not have the same talent and so each one will achieve success differently.

St. Xavier's promotes and encourages children to take part in their areas of interest through various Sports and Co-Curricular activities at Inter-School, district, state and national levels.

We at St. Xavier's ensure the “Process of smooth learning” among our children and to prepare them for a strong future.

Mr. Ranjit Singh
(Chairman)

Chairman's Message

Every child is unique. We understand that our students have high potentiality. We have to surface it and give proper direction. I love the children from the bottom of my heart. I would like to quote my very favourite saying, “Do the best, and forget the rest.” Today when there is a razor edge competition at every stage, it is very important that each student learns the lesson of life skills very well. It will help them to move ahead with full confidence and even if one fails one is up on one's feet once again with new hope.

OUR MISSION

School's role is to help each student come into confident possession of his/her innate talents, improve the skills needed for success in every field, and establish values that will allow him/her to act with thoughtfulness and humanity.

OUR VISION

Our Vision is that the children will leave the school with:

- A set of spiritual and moral values like honesty, integrity, and good judgement.
- A compliment of basic skills- Linguistic, Mathematical, Scientific, Artistic, Physical & Social.
- An enquiry and discriminating mind with a desire for knowledge and wisdom.
- Strong self-esteem and high personal expectation.
- Tolerance and respect for others.

We value the partnership, which exists between school, parents, community, and the part it plays in realizing its vision.

SCHOOL CURRICULUM

Montessori (I to III)

Montessori standards introduced into the schools take children from two and half years of age after pre schooling of CDC until they attain five and half years of age. During this period, they cover three classes from Montessori I to III. Play way method is used for teaching children of this category.

Forty percent stress is laid on academic management and sixty percent of the total curriculum is earmarked for different activities to generate learning excitement in beginners.

Primary Level (Std. I to V)

During the primary level of education, children have to use more of their brain and get an environment to communicate in English. Academic and non-academic activities in this section go at equal proportions.

Middle Level (Std. VI to VIII)

Besides reading, writing, pronunciation, and vocabulary, proper care is taken to make the children learn behaviour, manners etiquette, and discipline. Seventy percent stress is laid on academic curriculum, whereas thirty percent emphasis is given to different other activities.

Secondary School Level (Std. IX to X)

With reduction in activities as far as possible, adequate care is taken for building up good academic career without neglecting the course of physical education. Linguistic development with particular reference to English is planned by adopting various devices like orientation in grammar, vocabulary, usages, and composition. Hundred percent attention is focused on Academic Curriculum, to ensure the students' success.

Senior Secondary Level (Std. XI to XII)

Students during this period are made to be equipped with self-confidence, so that they can choose a good befitting career for themselves and bring credit not only to themselves but also to the school, to their families and to the nation as a whole. Discipline is emphasised from the very beginning and mock intervals to develop the same.

Parent-Teacher Interactions

The Group keeps a provision of PTM (Parent-Teacher Meeting) at Inter calls to discuss and identify psychological, academic related problems of individual students and find out solution to them. Helpline system has been evolved to strengthen such interactions.

INFRASTRUCTURE DETAILS

- Small Learning Communities.
- Outdoor learning Zones.
- Library, Dance, Music, Art, Yoga & Meditation Zone.
- Spacious and well-equipped classrooms, laboratories and a dining hall.
- Well qualified, experienced teachers and administrative staff.
- The school kitchen - serves wholesome meals with appropriate changes in the menu every week.
- Facilities for sports include well-appointed grounds, Football, Cricket, Basket Ball and Volleyball courts besides several indoor games like - Chess, Table Tennis, Carrom under the supervision of qualified physical trainers and instructors.
- Wi-Fi enabled Campus.
- Smart Classes & Digital Learning.
- Round the clock security.
- The school has its own fleet of buses to pick students from any destination with complete safety and security of the children.
- Improve Communication skills by providing them opportunity to participate in various competitions like Extempore, Speeches, Quizzes etc in English.
- Inculcate noble, moral and aesthetic values into the character of the children for shaping them into ideal citizens.
- State of the art Science and Computer Labs.
- Organise regular Parent-Teachers' Meetings, Exchange of views and resolutions in the best interest of the children.

Teachers' Orientation

The group does not believe that induction of teachers with brilliant academic achievements and long experience can alone elevate the academic standard of schools. Time to time training and orientation programmes can equip the teachers with the modern techniques and fresh invented methods, which would ultimately be instilled among the students for their intellectual growth. Renowned Academicians with vast experience conduct the Orientation programmes and train the teachers. A congenial working environment with recreation needs to be provided in order to generate new spirit in teachers and develop in them a sense of attachment.

CO-CURRICULAR ACTIVITIES

**"TEACH ME, AND I WILL FORGET. SHOW ME, AND I MIGHT REMEMBER,
INVOLVE ME AND I WILL NEVER FORGET."**

In our aim to develop love of learning in children that'll last through their lives, We besides academics offer a broad curriculum that includes a wide range of extracurricular activities. Physical and mental development is intended to happen in tandem through indoor and outdoor sports, dance, skating, free play, music lessons, dramatics etc.

Co-curricular activities stimulate playing, acting, singing, recitation, speaking and narrating in students.

Activities like participation in games, debates; music, drama etc. help in achieving overall functioning of education.

It enables the students to express themselves freely through debates.

Games and Sports help to be fit and energetic to the child.

Helps to develop the spirit of healthy competition.

We are determined in providing the best facility for the students with the highest ethical standards to play and win at different competitions conducted at state and national level.

These activities guide students how to organize and present an activity, how to develop skills, how to co-operate and coordinate in different situations. All these help to build leadership qualities.

THE BOARDING FACILITY

"Home Away From Home"

The School takes pride in closely monitoring the educational and emotional well being of each and every student. The School takes such good care of the children that the word home sickness ceases to exist in their vocabularies. The School has separate well-furnished Blocks for Boys & Girls. The St. Xavier's Emblem- an Elucidation

The emblem symbolizes that education shall be given universal coverage and to all irrespective of cast, creed, colour, language and place of birth (under the ideological influence of the Reverend Patron St. Francis Xavier). It further symbolizes provision of adequate opportunity to the learners to climb the ladder of success and reach the ultimate goal of life. The circle of learning shall come a full round and help the learner to bloom into full-fledged personality.
